

Montserrat's animal habitats

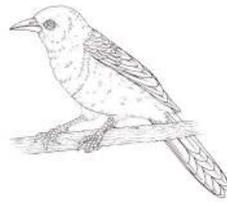

Green Turtle

Lots of animals make their homes in Montserrat. Some live in the forest, and some live in the sea. The forest and sea are both **habitats**.

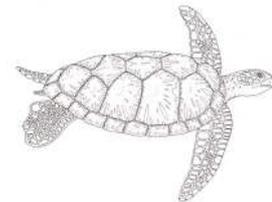

Cut out the animal and glue them onto their habitat. You can colour them in, and even add a background of trees or seaweed!

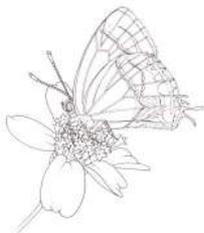

Flying Gurnard

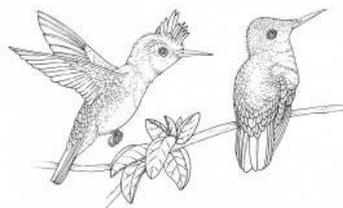

Montserrat Oriole

Green Turtle

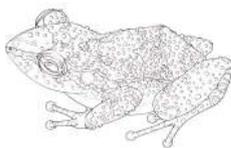

Angerona Hairstreak butterfly

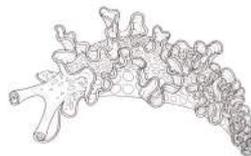

Antillean Crested Hummingbird

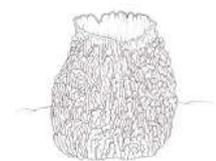

Yellow-shouldered Fruit Bat

Montserrat Whistling Frog

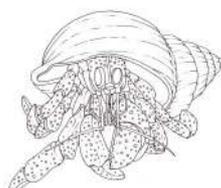

Lettuce Sea Slug

Giant Barrel Sponge

Brain Coral

Caribbean Hermit Crab

Red-rumped Agouti

Sea

Forest
