

Bananaquit

Biodiversity rainbow

Plants, animals and fungi of every colour in the rainbow, and more, live in Montserrat.

Can you find your own rainbow in nature?

1. Some plants and animals in Montserrat have colours in their names, like Purple Bush Bean, or Brown Pelican. Can you think of more?

2. Think about the colours of Montserrat's animals and plants. Can you think of one for each colour of the rainbow?

Red _____

Orange _____

Yellow _____

Green _____

Blue _____

Indigo _____

Violet _____

3. Draw the most colourful animal or plant you can think of! It can live in Montserrat, or in your imagination!

Plymouth Anole

Biodiversity rainbow:
